

01.- Portugal

A fantastic tour by secondary roads, full of curves, with very little traffic, and beautiful Atlantic landscapes.

Portugal has so many great roads for motorcycle riding. This Tour brings them all together without forgetting the big cities of Lisbon, Porto and Coimbra.

From a biker point of view, this trip is very fun since the route is very twisty, with 8,200 curves on the basic route, which gives a Curve / Km ratio. 3.37, quite a high value. But they are not particularly tight curves, so the route is very fun to ride a motorcycle, without being difficult. The Portuguese roads are not the best in Europe, but they are in a fairly good condition and have little traffic.

In terms of landscapes, this trip has a great variety; mountains, pine, eucalyptus and cork oak forests, vineyards, rivers, lakes and the coast, making it very attractive. If you like photography, you are going to have countless photo opportunities.

As always, we have paid special attention to finding exceptional accommodation and Portugal has made this task easy for us, since, like Spain, in Portugal there are many historic buildings converted into hotels, so you will have the opportunity to sleep in castles, palaces, fortresses, monasteries and convents, several centuries old.

In the monumental aspect, you will have the opportunity to make long visits in the three important cities of Lisbon, Porto and Coimbra, and you will also be able to visit other monuments along the way such as the cathedrals of Braga or Évora, or the fabulous palaces of Sintra.

And finally, about Gastronomy, in Portugal you can enjoy a lot, and without spending too much money. Certainly the Portuguese level is lower than the Spanish, especially in haute cuisine, but even so it is one of the best gastronomies in Europe.

For all this, as you will see, our Tour of Portugal is a VERY COMPLETE trip, which has a bit of everything.

STAGES OF THE TRIP

The tour has a MINIMUM DURATION of 8 days of motorcycle travel and the stages of what we call BASIC ROUTE would be:

Stage 1.- Lisboa – Óbidos.- This stage combines the cultural aspect, focused on visiting the Sintra palaces, with very fun roads and beautiful landscapes.

In the full version, this stage has 188 km that are covered in 4:50 hours, but we will also offer you several shorter alternatives that range between 4:30 and 1:00 hours.

Stage 2.- Obidos – Coimbra.- A very pleasant stage, full of curves, that going through vineyards, forests and low mountain areas passes through the famous Fatima Sanctuary.

In the full version, this stage has 295 km that are covered in 5:44 hours, but we will also offer you several shorter alternatives that range between 5:08 and 1:17 hours.

Stage 3.- Coimbra - Viseu.- This is the most biker stage of the trip as it covers some fantastic roads full of curves, 1289 in total.

In the full version, this stage has 291 km that are covered in 6:27 hours, but we will also offer you several shorter alternatives that range between 6:01 and 1:06 hours.

Stage 4.- Viseu - Porto.- In this stage you will cross, among vineyards, what is considered the best road in Portugal, and one of the best in Europe.

In the full version, this stage has 314 km that are covered in 5:37 hours, but we will also offer you several shorter alternatives that range between 5:07 and 1:16 hours.

Stage 5.- Oporto - Chaves.- Another stage with a marked biker character, full of curves and beautiful landscapes, but also with a visit to the well-known Braga Cathedral.

In the full version, this stage has 320 km that are covered in 6:50 hours, but we will also offer you several shorter alternatives that range between 6:07 and 1:36 hours.

Stage 6.- Chaves - Serra da Estrela.- We return to Serra da Estrela, the best area of Portugal to ride a motorcycle but traveling on different roads.

In the full version this stage has 298 km that are covered in 5:33 hours, but we will also offer you several shorter alternatives that range between 4:56 and 3:07 hours.

Stage 7.- Serra da Estrela - Estremoz.- We have already started our way back to Lisbon, this time through eastern Portugal.

In the full version, this stage has 342 km that are covered in 5:35 hours, but we will also offer you several shorter alternatives that range between 4:54 and 2:35 hours.

Stage 8.- Estremoz - Lisbon.- Last stage of the trip, in which the center of Portugal is visited with a visit to Evora.

In the full version, this stage has 383 km that are covered in 5:18 hours, but we will also offer you several shorter alternatives that range between 4:28 and 1:21 hours.

In the following table you can see the summary of the stages, with the distances, riding times, number of curves and duration of the 5 most important alternative routes, although it may be the case that we offer more than 5 alternatives.

Day	From	To	Km.	Time	Curves	Cv/km	Alternative Routes				
1	Lisbon	Óbidos	188	4:50	796	4.23	4:30	4:18	3:25	2:10	1:00
2	Obidos	Coímbra	295	5:44	1,085	3.68	5:08	4:02	3:34	2:05	1:17
3	Coimbra	Viseu	291	6:27	1,289	4.43	6:01	4:52	4:03	3:02	1:06
4	Viseu	Oporto	314	5:37	1,184	3.77	5:07	4:44	4:09	2:33	1:16
5	Porto	Chaves	320	6:50	1,326	4.14	6:07	5:01	4:02	3:14	1:36
6	Chaves	Serra da Estrela	298	5:33	1,068	3.58	4:56	4:38	4:13	3:47	3:07
7	Serra da Estrela	Estremoz	342	5:35	988	2.89	4:54	4:36	4:15	3:15	2:35
8	Estremoz	Lisbon	383	5:18	464	1.21	4:28	3:38	2:52	2:01	1:41
304 Km/Día		TOTAL	2,431	45:54	8,200	3.37	It can be more than 5 alternatives.				

Note that we are talking about real riding time, that is, the time that you will be riding with the motorcycle. To this duration you should add the time you spend taking photos, refuelling, eating or drinking something, etc. However, we already take this factor into account and if a stage is going to have many visits, we shorten its riding.

The number of curves will give you an idea of the type of roads the route takes, but we recommend that you read the article ["Why do we count curves?"](#) that you will find by clicking on the link that will take you to our website.

As you have seen, at all stages we place special emphasis on the fact that we are going to offer you several shorter alternatives. The reason for this is that our complete routes are very intense and require a good level of driving and good weather conditions. If this is not the case, being able to have shorter alternatives, and therefore simpler, with fewer curves and on more main roads, can be very useful. But obviously reducing a stage has a cost in terms of quality. For this reason, and for you to have an element of judgment when choosing the alternative that you are going to use in the road book, we are going to present you, along with the maps and links to Google Maps of all the alternatives, the following Table:

Route	Km.	Time	% Quality	% Tiempo	Quality / Time Ratio
Full	300	6:00	100%	100%	1.00
Alt. 1	255	5:15	90%	88%	1.03
Alt. 2	245	4:30	60%	75%	0.80
Alt. 3	220	3:30	40%	58%	0.69
Alt. 4	180	2:30	30%	42%	0.72
Shortest	130	2:15	20%	38%	0.53

In the example we have a complete route and 5 alternatives, being the 5th the shortest one, as we are going to present it to you. As you will see, as the stage is shortened, the quality is reduced because intermediate points are eliminated and therefore good sections of road. In the last column we show you the ratio that measures, in relative terms, quality and time. With this example, the optimal option would be Alt. 1, since it reduces more time, (12%) than quality, (10%)

TRIP EXTENSIONS:

If you can have more days to make this trip, we recommend that you add one or more of the 6 extensions that we are going to show you below:

Extension A.- Adding a REST DAY IN PORTO, where you have a lot to visit.

Extension B.- DIVERT the Tour to **SANTO ESTEVO**. In this case between Porto and Chaves we would divert the Tour to enter Spain and sleep in a fantastic 7th century Monastery nestled in a beautiful place, adding a fabulous area to ride, full of curves and with excellent landscapes.

Extension C.- Adding a **REST DAY** in Coimbra.

Extension D.- DIVERT the trip to the Algarve coast, specifically to **VILAMOURA** beach, which is between the well-known towns of Albufeira and Faro.

Extension E.- Adding a **REST DAY**, (Beach), in Vilamoura.

Schematically it would be:

In this way, on the basic route of 8 days you can add, as you want, the extra days that you consider appropriate and adjust the trip to suit you. For example, you could configure an 11-day trip by adding to the basic version the extra days B, D and E, that is, the detours to Santo Estevo and Vilamoura and the rest day there.

The fact of being able to combine the extra days at will means that the total of configurations of this tour that we can offer is 24, which are the possible combinations of the trip plus the extra days. Having so many options to choose from can make it difficult for you to decide on one of them, so we have arranged the travel extensions in the order in which we would add them. In this way we would add extension A first, then B, and so on, but of course you have the last word, and you can add the extensions as you prefer.

If you added all the extensions to the trip, it would last 13 days and the table of the route would be the following:

	231 Km/Día	TOTAL	3,006	55:31	9,537	3.17	It can be more than 5 alternatives.				

And in addition to this, you can also add extra nights in **Lisbon**, before and / or after the Tour. Lisbon is a magnificent city that is well worth a day or two to visit.

As you will have seen, the possibilities are enormous, but we are also at your disposal, within our tailor-made travel section, to design a specific trip for you, including everything you tell us and adjusting the design and duration of the stages to your needs & preferences.

COMBINATIONS WITH OTHER TOURS:

Within our [TAILOR MADE TRAVELS](#) section you can combine this tour, or part of it, with other neighbouring tours, or part of them, thus creating a personalized tour for you. The neighbouring tours to this tour of Portugal are:

[02.- NORTHWEST OF SPAIN](#) [04.- CENTRAL SPAIN](#) [05.- SOUTHWEST SPAIN](#)

But we have already thought of two combinations of tours that take part in this tour of Portugal. These tours can be found in our Long Travels section and would be:

[41.- IBERIAN NORTH.](#)- This Tour takes the cities of Viseu and Porto from the Portugal tour, but also includes the roads of the Sierra da Estrela and those near Chaves, so it coincides with the Tour of Portugal in approximately 40% of its route. However, it also includes all of northern Spain, making it a very complete tour.

[42.- IBERIAN SOUTH.](#)- This Tour takes from the Portugal tour the cities of Vilamoura and Lisbon, and if the extra day in Lisbon is included, which is highly recommended, it would also travel the excellent roads of the Sintra area. But it also includes all of southern Spain, making it one of the tours most demanded by our clients.

CLIMATOLOGY AND OPTIMAL SEASON:

The Iberian Peninsula is in the extreme southwest of Europe, so it enjoys one of the best climates on the continent, but the two countries that make up the peninsula are not exactly the same. The climate of Portugal is totally Atlantic, unlike that of Spain which is predominantly Mediterranean, (except in the north where it is also Atlantic). Therefore in Portugal it rains a little more than in Spain, but not much more.

Regarding the best season, from the weather point of view, to make this trip, in the following table you will find the list of the months and the weather conditions that should be found on average, as well as our assessment of each month.

PRICES:

Unlike the other companies of Motorcycle Tours, we give you the freedom to hire the motorcycle with us or in another company and, in the same way, we give you the option that you book your hotels or that we take care of the reservation of the same.

ROUTE PRICES:

What we will always give you is route planning, which includes the following:

1.- Very detailed Road Book in PDF format.- In this PDF you will have all the information of each day of travel, including a brief description of the places of interest that you are going to find during the trip.

2.- Recommended daily route created by professionals.- Our routes are the fruit of more than 10 years of professionally planning motorcycle trips.

3.- Very careful selection of intermediate points.- The vast majority of intermediate points, which are necessary to create the route, contribute something more and are places of interest, such as monuments, viewpoints to beautiful landscapes, bars where you can have a drink. coffee, etc ..

4.- Planning of fuel management.- Every 300 km at most, we will include a gas station, so that you don't worry about managing your fuel.

5.- Shorter Alternative Routes.- Our recommended routes are long enough to satisfy the most demanding pilot, but we understand that not all of our clients want to do such long routes every day. For this reason, we will send you several shorter alternative routes so that you can choose the one that best suits your preferences.

6.- Links of all the routes to Google Maps.- If you use your phone as a navigator, these links will allow you to see the route on it.

7.- GPX file to load in the Navigator.- If, on the contrary, you prefer to use a GPS navigator, the GPX file will allow you to load all the waypoints in it in a few minutes.

If you want to see an example of ["how we send the information"](#) to our clients, and what it includes, click on the link that will take you to our website.

The price of the route, (including taxes), depends on the version you prefer, (number of days) according to the following table:

Días / Days	8	9	10	11	12	13
Precio Ruta / Route Price	250 €	275 €	300 €	325 €	350 €	375 €

These prices, which already include taxes, are the amount we charge for our service of sending you the route information and it is for the entire group, so if you come with other friends you can share this cost with them.

MOTORCYCLE RENTAL PRICES:

We can also take care of the reservation of your motorcycle. We do not have our own motorcycles, but we work exclusively with companies in which we have full confidence and that must meet demanding requirements regarding the condition of the motorcycle, customer service and non-abusive damage policy, (in this aspect we pay special attention to attention). For more information on how we choose the companies we work with in each city, click on this link, ["How we select the rental companies in each city."](#)

As we work with different companies, we do not have a fixed price for the motorcycle rental, since the different companies have different prices, but we will always offer you the maximum number of possible options, indicating at all times the motorcycle model, its year of registration and the characteristics of the contract; (type of insurance, value of the deposit, etc.), so that you can choose the one that best suits your preferences. On the other hand, the rental price of motorcycles also depends on several factors such as the date of your tour, the number of days, the mileage, the advance with which you make the reservation, (this aspect is very important), and the number of motorcycles that make up your group. For information purposes, in the following table you can see the models available in **Lisbon** and their minimum price per day:

Marca y Modelo	Precio por día Price per day	Marca y Modelo	Precio por día Price per day	Marca y Modelo	Precio por día Price per day
Honda NC750X Honda CB500X Honda CMX 500 Rebel	Desde/from 49 €	BMW F750GS Full Yamaha Tracer 900 GT BMW F850GS	Desde/from 69 €	BMW R1250GS Honda AfricaTwin AdvS. BMW R1200GS Adv.	Desde/from 89 €
BMW F750 GS Yamaha Tenere 700 Kawasaki Versys 650	Desde/from 59 €	BMW F850GS Full Honda Africa Tw. 1000 Honda Afr.Tw.1000DCT	Desde/from 79 €	BMW R1250 GS Adv. BMW R1250 RT BMW S 1000 XR	Desde/from 99 €

All the motorcycles that we offer include the three suitcases, and the insurance, of which we will give you several options. On the other hand, all the companies we work with offer the service of storing your airplane luggage until your return. Regarding mileage, we will always offer you enough mileage to be able to make the planned trip, without incurring extra mileage costs.

On the other hand, we can also optionally offer you the rental of helmets, jackets, gloves, etc., and of course GPS navigators.

Ask us for a budget, using the form that you will find on the page of this tour, [01.- Portugal](#), and depending on your needs, dates and route we will send you our offer that will surely be better than any that you can find on your own, so by hiring the motorcycle through us you will compensate part, (or even the entirety, if your group is more than 4 motorcycles), of the cost of the route.

HOTEL ACCOMMODATION PRICES:

We can also take care of reserving your accommodation for you and, as you will see below, we offer several possibilities for you to choose the one that best suits your needs.

We always start from a series of hotels that are the ones we would like to go to. These hotels are usually the best in each place without going into excesses, which we are not very fond of, so by choosing our recommended hotels you will have the absolute security of staying in excellent hotels.

On this tour, the recommended hotels, mostly 5 *, would be the following:

- Lisbon.- A beautiful 19th century palace
- Óbidos.- An imposing 12th century castle.
- Coimbra.- A 19th century palace with an exotic garden.
- Viseu.- An 18th century palace with two fabulous gardens, (one of them botanical).
- Porto.- A 18th century baroque palace.
- Santo Estevo.- A 7th century monastery in a beautiful place.
- Chaves.- A 15th century fortress.
- Serra da Estrela.- A 19th century spa sanatorium.
- Estremoz.- A 13th century castle.
- Vilamoura.- A modern 5-star hotel with direct access to the beach.

The price of these hotels depends on the dates and the advance with which the reservation is made but normally they range between 190€ and 240€ per room & night, but, of course, we are at your disposal to give you an exact budget, once you tell us the dates of your trip.

But we fully understand that not all our clients want to go to such exclusive hotels, so we can also be the ones who adjust to their budget, and in this way what we will do is look for the best possible hotels without going over the budget that you provide us. In this way:

- Budget of 175 € per night.- Combination of 4 and 5 star hotels.
- Budget of 150 € per night.- Mostly 4-star hotels.
- Budget of 125 € per night.- Combination of 3 and 4-star hotels.
- Budget of 100 € per night.- Mostly 3-star hotels.

These budgets are for a double room and WITH BREAKFAST included, as well as the possibility of cancelling with a minimum of one week in advance. As you will have seen, we do not work with hotels of a category lower than 3 stars, but remember that you also have the possibility of making hotel reservations on your own.

DOUBTS AND BUDGET REQUEST:

We are at your entire disposal if you have any questions or need our advice to decide on any aspect of your trip. You can contact us through our [contact form](#) and in less than 24 hours you will receive our answer to the questions you ask us.

On the other hand, if you already have something clearer which option you want, it is best to fill out the [budget request](#) form in which we will ask you several questions to know as much as possible about your preferences and to be able to adjust to them.

The budget request form is a Google form, so you will immediately receive an acknowledgment of receipt that will confirm that we have already received your request. In less than 48 hours you will receive our reply with an exact estimate of the cost of your trip.
